From the Editor...

The Tradition Continues is our Slet slogan for this summer in Cedar Rapids. How has your district allowed the Sokol tradition to continue? Your unit? Yourself? Why do you *Stick with Sokol*? Because of all the friends you would have never met otherwise—all over the county? All over the world?

Is it because you like to stay active and Sokol is one of the few organizations that offer classes for all ages? Do you like to teach and watch children grow into upstanding young adults throughout the program?

Is it a "family affair" wherein many of your ancestors, parents and siblings have and always will be involved in Sokol? Do you value volunteering and helping people and families grow together in this great organization?

Whatever your reason is for sticking with Sokol, now is the time to show your love and join us this summer in the City of 5 Seasons! This Special Slet Edition of the publication has all the information you need to *Plan - Promote - Participate!* We hope to see everyone there. I even bought new luggage, it's super cute, you gotta see it ;0)

The Presidential Address

The Sokol Eye – Sokolským Okem

We have some new leaders that have stepped up to take on some major roles in the national organization! Kimberly Karovic Elliot and Shannon Griffing are our new Co-Youth Directors! Both Kim and Shannon come from Sokol Stickney and are looking to bring new assets to the youth membership in American Sokol and make it strong again. When Tom Pajer started this program it was strong and offered fun activities for our youth. Since then, many things have changed in society and our youth have access to smart phones, apps and have a greater interest in technology. Kim and Shannon are hoping to create new ways for our youth to interact with each other and engage their attention towards Sokol ideals.

Hallie Soulides, Sokolice Tabor, has been elected to the office of National Educational Director. She is a graduate of our National Instructor School and holds many leadership roles at the Unit and District level. Some of Hallie's initial goals are:

- Survey unit and district directors on their current programs, successful activities, needs and goals.
- Development/implementation of educational lesson plans (including programs and initiative both passive & active).
- Create a platform for document/idea sharing and collaboration at a national level (for educational efforts).
- Collaborate with national and district youth program directors, and share educational resources with Youth Ambassadors.

Also, please join us in welcoming Zelmira Zivny as our new Pacific District President! This is her first national role and she is very excited to begin and get involved on the Board of Governors. We are so grateful for these members taking on the national roles and being a voice for success with our national team of leaders. This is a great sign of strength and hope for the future of Sokol. The position of National Membership Director is still open! American Sokol needs someone who can focus on increasing our membership numbers and developing the benefits of being a Sokol member. The Membership Committee has been working under the temporary guidance of Irene Wynnyczuk (Eastern District President). If you are interested please contact the national office. 2018 Prague Slet Tours! For those planning ahead - Save the dates! ... Details and Pre-registration to follow...

- June 23-29th Pre-Slet Tour: Vienna, Budapest, Estergom, Bratislava. Including a concert in Vienna, castles, spas, riverboat cruise... and many other historic places.
- June 30 – July 8th Prague Slet Week: Day tours within Prague and to many exciting Czech places outside the city!
- July 8 – July 13th – Post Slet Tour: Croatia – sea coast!

Final thought... with all of the divisiveness in our country today, it is a call for all Sokols to be mindful to work together despite any differing points of view. We certainly have our own share of national and local tensions in our organization. Sokol can use the current situation in our country as a teachable moment for all of us, that to be effective and constructive moving forward, all ideas must be respectfully heard. Our founders proudly formed Sokol to operate in a democratic format, and we have survived all of these years due to our faith and belief in these ideals. All of your ideas, comments and feelings are important to us. As Sokols we need to persevere in what we have been taught and be the example to all of those around us. We have an exciting future and I look forward to making great things happen together as one, including all of our differences!

It's our SLET & FESTIVAL time – get ready for some Sokol fun!

At žije Sokol! ~ Long Live Sokol!
Jean Hruby, President

The mission of the American Sokol is to provide fitness and community for individuals and families through physical, educational, cultural and social programs.

Dear Supporters:

American Sokol remains an organization dedicated to its original goals while evolving with the times to meet the needs of its members. Since 1865 we have been shaping the lives of Olympians, diplomats, artists, athletes, and most importantly, answering our neighbors need for programs that we offer.

We will be hosting our XXIV national athletic and social event , our **Sokol Slet & Festival, in Cedar Rapids, Iowa, June 22-25, 2017**. This event will draw participants and spectators from across the United States, as well as internationally from the Czech Republic and Canada. Attendees will compete in Artistic Gymnastics, Volleyball, Marching, and Fitness Challenges. The Opening Ceremony will highlight special number performances and, of course, lots of fun for all!

A very special event will be our banquet which will feature the **1st Annual Sokol Awards Presentation including the inaugural Hall of Fame Award**. Our volunteer committee members have been diligently planning these events and look forward to your attendance and support.

Physical fitness and mental alertness has been a national concern for many years and the American Sokol has always placed total body and mind fitness as a priority in our programing. Our gyms continue to address the needs of our members and the public from age 3 through advanced senior ages.

The documents attached contain methods to support this great event and we appreciate your support and participation in 2017. Sponsorships are due no later than April 15th, 2017 to be included in promotional materials.

Thank you and with our traditional - **Nazdar!** (on to Victory, on to Success!)

Slet Banquet

Silent Auction Request for Donated Items

Dear Friend:

We are writing on behalf of the American Sokol XXIV Slet & Festival Committee to request a donation for our silent auction scheduled for June 24, 2017 during the Banquet. At this event, there will be many friends of American Sokol and the items will be listed in our program. We auction off gift cards, merchandise, and services generously donated by businesses like yours. The event proceeds will help with the Capital Campaign which will feather our Endowment Fund so that improved and new programs may be refurbished or started, Sokol buildings can be assisted with infrastructure improvements and ADA compliance, and Czech language and culture can be encouraged within the Sokol units and perhaps e-learning for children and adults.

We would greatly appreciate any donation you can make. Should you make a donation for the silent auction, your business will be recognized on auction displays at the event as well as in the Slet and Festival program. We will also provide a donation receipt letter with the American Sokol's tax-exempt ID number for your records. Simply complete the In-Kind Contribution Form and deliver to the American Sokol office, address is listed below. If you are bringing the item directly to the banquet, please contact me to make arrangements. Deadline for donations is April 15th, 2017.

If you have any questions or need further information, please contact me at (708) 955-3269 or at kbarcal@comcast.net. On behalf of the American Sokol, thank you for your consideration.

Sincerely,

Kathleen G. Barcal

RISING STAR:

JESSICA VIERKE

submitted by Maryann Fiordelis, National Physical Director

Jessica Vierke's great grandmother came from Czechoslovakia and her grandmother belonged to Sokol. But there was a break where her family did not belong to Sokol. Then she saw the TNT perform and talked to Bob Kucera who got her excited about becoming a part of Sokol Naperville-Tyrs.

Jessica started classes before she was five in the 1st Class Girls and there was no looking back. Jessica's brother, Josh, also attends Sokol. Jessica has been kept busy with Sokol not just at her own unit but with the Central District. Besides attending classes through the years she is now coaching the Juniors class twice a week for her own unit and 1st Girls class at Chicagoland. Jessica is also the Youth Ambassador for Sokol Naperville-Tyrs, competes in the Special Numbers event, track and field, calisthenics and marching teams, GIJO gymnastic team, attended summer camp at Sokol Tabor for several years and has participated in the Central District skills clinics from 2010-2016. Jessica also attends Central District monthly BOI meetings where she has an opportunity to speak up and give a young person's perspective.

Jessica has attended National Slets (American Sokol., Sokol USA or COS) in 2005, 2009, 20011, 2012, 2013, 2015 and plans on participating in Cedar Rapids this summer. She plans on going back to Prague in 2018. Jessica has attended three National Instructors schools where she has gained confidence, made lots of friends, great networking opportunities, leadership skills and gathered knowledge for life in general and for the future.

Jessica is currently a senior at Neuqua High School in Naperville where she has been on their gymnastic team for three years as well as their athletic training program. Jessica plans on attending the University of Iowa in Cedar Rapids this fall working towards a degree in Physical Therapy hoping to be involved with young people with sports injuries getting them back to their life's capabilities. She would like to be able to drop by Sokol Cedar Rapids during college to participate there but distance and time constraints might get in the way.

When asked how she plans on keeping Sokol in her life while at college, Jessica wants to continue to participate in the National Slets and Sokol Naperville-Tyrs exhibition.

Jessica attended the SALT (Sokol Aspiring Leaders of Tomorrow) session which is to capitalize on the ideas and concerns of our younger members (16-30). Jessica is now part of this group. She feels this group provides an avenue for expressing opinions, plan and handle events, and building leadership skills. In fact she sees her generation (by keeping them engaged or reason to come back after college) as the future leaders of American Sokol. Hmmm do we have a future Executive Board member in the making?

How about taking the trophy letter below to businesses you know to see if they are willing to support us.

AMERICAN SOKOL

VĚSTNÍK AMERICKÉ OBCE SOKOLSKÉ

Ročník - Vol. CIX

April — 1988 — Duben

Číslo - No. 4

50 YEARS AGO

The American Sokols were ready for the trip to Prague XI Slet to participate in THE event which took place every six years. The Slet began with Winter Games in the Tatra Mountains. In May and June Districts in every part of Czechoslovakia conducted their competitions and exhibitions where gymnasts had to compete for a place in the Calisthenics in Prague. We were scheduled for July 4th commemorating the American Holiday. In order to place on the American team our members started training early and were judged by the committee in Prague with the author sitting in review, tears streaming down her cheeks, saying, "Vy to cvičíte jako baletky — velmi krásně". (The Praha Sletová Prostná is a composition of movement; for once you had mastered them you were reciting a poem, a beautiful flowing recitation bringing to your body Dr. Tyrš' "A sound mind in a sound body".)

We performed the Calisthenics in the Strahov Stadium which is the largest in the world (five football fields combined), seating 250,000 spectators that year plus several tens of thousands standing room sold. We were 14,400 women on the field, it was a long walk to reach our places but the 120 piece army band gave us the "wings" except for the sad fact that it rained at morning rehearsal and kept raining all day. Admission was charged to the morning rehearsal. The music was carried underground to grates a yard in diameter set all over the field.

The American Sokol headquarters and Slovak USA planned three years in advance reserving accommodations on ships and trains to transport an estimated 2500 tourists and gymnasts in May and June sailings. The Board of Instructors, the Executive Board, and prominent Sokol leaders received invitations from Sokols in Czechoslovakia to visit and perform. We did as many as time would permit. All this with an awesome cloud overhead — Hitler's Nazis and Storm troops were becoming more and more active, headlines and radio brought fear to us all that our people were in danger of war looming on the horizon. The first blow came in May when the Czech government called out all Army regulars and reservists in a general mobilization. The country was stunned. There were great shortages of men in every phase of life, every family unit, and the men's calisthenics showed it most of

all. Some men were returned home a few days before the main event and those that could attend the slet were very happy indeed.

Our train crossing Germany in two sections found shops and food booths closed to us and so we defiantly waved our American flags from every window. What a welcome we received in Cheb. Baskets of kolache, flowers, Sokol bands and banners — everything in the cities stopped for "The Americans are coming!" Sadly, we found people emigrating to other countries, leaving property and friends, sensing the attacks in Germany heading in the direction of the Sudetenland. These centuries old borders were demanded by Hitler and with meetings going on between leaders of France, England, and Russia, Hitler got what he wanted. In five zones the Nazis took hundreds of miles and all who remained were then attached to the Reich. The Sokol buildings were grabbed and what Sokol property was there was hidden as members who got out in time ran into the smaller Republic. Chaos reigned.

My husband J. Vena Welcl and I planned to stay in Europe for a year and were in Praha during all these events. We were volunteers in the Praha Wilson Station meeting trains from the borders carrying children picked up in school with teachers escaping marauding bands of boys from German families starting fights.

We came back to the United States in December — listening to the appeals of the U.S. Embassy that there would be no protection for Americans who insist on staying. On March 15 Hitler occupied Czechoslovakia and the Sokol leaders were among the first to be carted away to the concentration camps.

We look back to those months and sadly restate our opinion that World War II started for our people in 1937-38 and that, especially the Sokols, life has not been good to them. *Emilie Welcl-Ruzicka Sokol Miami*

(Emilie asked me to edit her writings, but it wasn't necessary, her recollections deeply moved me. As I typed this, I thought about all our Sokol leaders, parents, family, and neighbors. I imagined that it could have been us, now, experiencing this nightmare. I wonder how many of us will remember 1988 in 2038 as vividly.)
