Singing in the park.

We must have done something right. On this bright sunny day of June 7, 2008, all the good vibes came together to grant our group of 40 Sokols and friends a perfect setting - cheerful spirit, plenty of food, and a lot of jolly good, old-fashioned fun. If the driving distance or the burden of age discouraged you from attending, it might be interesting to know that our group ranged in age from 5 to 94 years. Sister Lida O'Donnell flew in from Portland, OR, and Br.& Sr. Linharts drove all the way from the Sierra foothills. Just something to ponder if you believe you live too far from the site.

Mallard picnic site in Lake Chabot Park is protected from the wind and hot sun by huge trees. This time it was not the wind that was shaking their leaves, but the twitter of our eager voices that struggled with tunes and lyrics of two dozen Slovak, Moravian, and Czech folk songs. And we were winning, thanks to Brother Daniel Botcha, who was ably running his fingers through the keyboard of an accordion. Thanks, Daniel!

The charcoal fire pit was glowing all day long under the grate covered to capacity with a wide variety of mouth-watering cuts of meat. Hamburgers, chicken, spare ribs, sausages, a pork loin, and steaks were spreading an appealing aroma, making everyone hungry. Well, none of us stayed hungry for long. It's our Sokol picnic's tradition to share food and drink with others. Not even the staunch dieters could resist the temptation to try a little bit of everything.

It was Brother Paul Burda, who managed to tear us away from the feast and led us to the grassy field for a short series of calisthenics. Boy, have we discovered muscles we never knew we had! Although not ready for the prime time, we all tried our best and - no pain no gain!

We were happy to mingle with CrossCzech hockey team members and their families. We hope to see them, again. A number of them joined Sokol, definitely
a welcome development, for we have a dire need for more young members. Of course, we are always glad to see our more senior members, namely Bro. Edmund Teyrovsky and his wife Georgina. Edmund is in charge of securing the reservation for our site.

All in all, it was a very pleasant day; some believe it to be our most successful picnic in many years. Our next outing is planned for September - so pack your picnic gear, come, and see for yourself.

Nazdar, Zdenek Vernak

AMERICAN SOKOL CORNER
2009 American Sokol Slet Fort Worth, Texas
Nazdar! or should I say "Nazdar Y'all"!
Nazdar" is a greeting that was adopted by the Sokol Gymnastics Organization in the Czech and Slovak regions of Europe many years ago. Of course "Sokol" translates as the brave and acrobatic bird "the Falcon". This is the symbol of the organization. While the Sokol organization had its beginning in 1862 it is maybe not as popular flow as back then.

Wow! In the 1800s Europe was fascinated by the upswing in Sport. Not just gymnastics but all sports and exercise. Dr. Miroslav Tyrs the founder of Sokol knew that the ancient Greeks had success believing that a "Sound Mind was mentored by a Sound Body". The Sokols popularity rose so quickly that gymnasiums were popping up all over Europe and even in America just three short years of its start.

OK, so then back to "Nazdar!" the best translation of this greeting is "On to Success!" The Sokol groups that formed quickly in Europe were having such a great time challenging themselves in Sports and competitions that encouragement from others was really a welcome form of greeting. They treated other members like Brothers and Sisters much like we see Sports Teams do to this day. The Team concept and camaraderie was infectious. The Sokol Organization grew from a few to a few million in less than twenty years. All of Europe took notice ot the Sokol Festivals Or "Slets". Yes, here is another Czech word for you to grasp and remember. A "Slet" is "a flocking together of birds", which makes perfect sense for a groups of Falcons to fiock together in a large competition.

Oh my! There were Czech Sokols, Slovak Sokols, Austrian Sokols, Russian, Croatian, Hungarian, Bulgarian, Slovenian Sokols and even French Sokols. A little known fact was that these Slet Gatherings sparked interest in one Frenchman So much that he took Tyrs' idea one step further. Pierre De Coubertin wondered if the same could work for not just Sokol members but all countries as well. In 1892 he proposed at a meeting of the Athletic Sports Union in Paris, having a competition in Greece inviting au countries to participate in the same manner. The Czechs sent one ot their Sokol inspired leaders to assist Coubertin and a few years later the Modem Olympic Games had its start.

Big things can happen when people work together. Slets in Prague became so large that in 1938, 43,000 Men performed a gymnastics exercise number together in a stadium that is still to this day listed in the Guinness book of World records. That must have been some spectacle. Imagine the feeling and camaraderie involved in something like that!

You Can! That's Right.. .You Can!

In 2009 the next large American Sokol Slet will be held in Fort Worth, Texas. Texas Sokols want to Welcome the World with a Great, big Nazdar Y'all! "On to Success Everyone!"

Success is what it will be all about. To make.the Sokol organizations in America successful we could work more together as Brothers and Sisters. Texas Sokols want to involve evervone no longer isolating the great Sokol ideals in this countrv. For this to involve everyone no longer isolaiting tne great Sokol ideals in this country. For this reason we invite you to share the excitement in Fort Worth, Texas. Start planning now. The entire downtown will come alive with Sport and Gymnastics activity. Parades, Demonstrations, Competitions, Fun Runs, Volleyball, Olympians, Basketball, Concerts, Celebrities, Golf, Bowling and even Archery are on the schedule. The whole Downtown Fort Worth area is being held for Slet 2009. You will not want to miss this action.

More information will be provided in the coming months.

Bottled water in your car very dangerous.

This is how Sheryl Crow got breast cancer. She was on the Ellen show and said this same exact thing. This has been identified as the most common cause of the high levels in breast cancer, especially in Australia .
A friend whose mother was recently diagnosed with breast cancer and the Doctor told her: women should not drink bottled water that has been left in a car.
The doctor said that the heat and the plastic of the bottle have certain chemicals that can lead to breast cancer. So please be careful and do not drink bottled water that has been left in a car, and, pass this on to all the women in your life. This information is the kind we need to know and be aware and just might save us! The heat causes toxins from the plastic to leak into the water and they have found these toxins in
breast tissue. Use a stainless steel Canteen or a glass bottle when you can!

New Method for Car Jacking
Please read - notice on car (not a joke)
Warning....!!!!
Just last weekend on Friday night we parked in a public parking area. As we drove away I noticed a sticker on the rear window of the car. When I took it off after I got home, it was a receipt for gas. Luckily my friend told me not to stop as it could be someone waiting for me to get out of the car. Then we received this email yesterday:
"WARNING FROM POLICE BEWARE OF PAPER ON THE BACK WINDOW OF YOUR VEHICLE--
NEW WAY TO DO CARJACKINGS (NOT A JOKE)"
Heads up everyone! Please, keep this circulating... You walk across the parking lot, unlock your car and get inside. You start the engine and shift into Reverse. When you look into the rearview mirror to back out of your parking space, you notice a piece of pa per stuck to the middle of the rear window. So, you shift into Park, unlock your doors, and jump out of your car to remove that paper (or whatever it is) that is obstructing your view. When you reach the back of your car, that is when the carjackers appear out of nowhere, jump into your car and take off. They practically mow you down as they speed off in your car. And guess what, ladies? I bet your purse is still in the car. So now the carjacker has your car, your home address, your money, and your keys. Your home and your whole identity are now compromised! !
BEWARE OF THIS NEW SCHEME THAT IS NOW BEING USED.
If you see a piece of paper stuck to your back window, just drive away. Remove the paper later. And be thankful that you read this e-mail. I hope you will forward this to friends and family, especially to women. A purse contains all kinds of personal information and identification documents, and you certainly do NOT want this to fall into the wrong hands.

POLITICAL CORNER

During this political season let's be reminded of these wise words:
You cannot help the poor by destroying the rich.
You cannot strengthen the weak by weakening the strong.
You cannot bring about prosperity by discouraging thrift.
You cannot lift the wage earner up by pulling the wage payer down.
You cannot further the brotherhood of man by inciting class hatred.
You cannot build character and courage by taking away men's initiative and independence.
You cannot help men permanently by doing for them what they could and should do for themselves.

Abraham Lincoln

IN OBSERVANCE OF FIRST STEP OF POLITICAL BU-HA-HA.

Our first step of this issue is over and we will be dealing with its consequences.
Election results in California were announced in repetitious news and if you ask an average voter today, he cannot give you straight answer about election results.

Washington establishment however is alerted. One of the not welcomed candidate of establishment won in Eureka County, rising eyebrows of powerful people about election of Mr. Tom McClintock, former GOP senator to Washington. His opponent spending millions of his own and establishment money, and supported by GOP establishment including of our Green Governor lost election by biggest percentage. This resulted in article published in The Wall Street Journal under the title:" Principle Beats Pork in California"(June 7th, 2008), and in the National wide papers. We have to wish Honorable Mr. McClintock good luck; hopefully he will stay with his people representing principles forever.
Proposition 99 eminent domain passed and opponents are not unified if they should start to fight results of election.
Proposition 22 about gays marriage, prepared for November election, is already attacked by California Attorney General Mr. Jerry Brown, former California Governor and Oakland City Mayor, member of CA democratic party establishment, as discriminatory.

Charismatic speaker, young Senator Obama beat known Hilary Clinton in democratic primaries, being under the pressure from lobbying powerful establishment who is going to be selected as his VP. In the same position is however his GOP opponent Senator Mr. McCain.
Both candidates are dancing between issues people are concern about –like immigration, energy, and war. Secret Societies like Trilateral Commission (see below) and Bilderbergers are sending their advisors and consultants around including of influential Israeli lobbying in Washington. Mr. Wolvowitz, father of Iraq policy was invited back to Washington hiding in State Department. Nobody is talking about Abramov's and Libby's cases, both waiting for President's possible pardon, when President will leave his office.
Situation appears very critical for United States, however. British Prime Minister liberal Gordon Brown, delegate of Bilderbergers circulated World recently, visiting Italy, Canada and United States stressing new World Order policy. In his hour-long speech of Harvard's Kennedy Center bluntly stressed that United States is world power blocking New World Order, should repeal its "Declaration of Independence" by replacing it by a new of
" Declaration of Interdependence" in order to surround to global governance. In his speech he submitted outlined ultimatum to US government from powerful world leading Society and actual concept of destruction of The United States:

1. Reject concept of national sovereignty not subservient to outside control by replacing with "responsible sovereignty", accepting global "obligations".
2. US must accept "new global rules", "new global institutions" and "globally controlled networks" including opening U.S. borders to the all world.
3. He warned that Americans must learn to think "inter-continentally" regardless to their disadvantage. He warned that irreversible transformation, transcend states, transcend borders is a new architecture of a global society with new secular progressivisms as world religion and base of New World Order implemented in U.S. by Mr. Bush Sr. former President Of The United States of America.

We all now know, how this concept "works" in Great Britain and presently in U.S. however. In addition Mr. Brown is softening his stand after Mr. Bush's visit Europe last week. (Editor).

How California Will Be Affected by the Lieberman-Warner Global Climate Change Legislation

by William W. Beach, Ben Lieberman, David Kreutzer, Ph.D. and Nick Loris, May 20, 2008, WebMemo #1930

Workers and families in the state of California may be wondering how climate change legislation before Congress will affect their income, their jobs, and the cost of energy. Members of Congress are considering a number of bills designed to address climate change. Chief among them is S. 2191, America's Climate Security Act of 2007, introduced by Senators Joseph Lieberman (I-CT) and John Warner (R-VA). [1]

The Lieberman–Warner legislation promises extraordinary perils for the American economy, should it become law, all for very little change in global temperature...perhaps even smaller than the .07 of a degree Celsius drop in temperature that many scientists expected from worldwide compliance with the Kyoto climate change accords. S. 2191 imposes strict upper limits on the emission of six greenhouse gases (GHG) with the primary emphasis on carbon dioxide (CO_2). The mechanism for capping these emissions requires emitters to acquire federally created permits (called allowances) for each ton emitted.

Arbitrary restrictions predicated on multiple untested and undeveloped technologies will lead to severe restrictions on energy use and large increases in energy costs. In addition to the direct impact on consumers' budgets, these higher energy costs will spread through the economy, injecting unnecessary inefficiencies at virtually every stage of production and consumption.

Implementing S. 2191 will be very costly in California, even given the most generous assumptions. Notable costs are listed below in Table 1:

Table 1: Estimated Economic Impact of S. 2191 in California

Year	Gross State Product Loss (Millions)	Non-Farm Employment Loss	Manufacturing Jobs Lost	Personal Income Lost (Millions)
2012	4,558.45	-15,341	-1,423	-2,685.31
2020	-9,274.54	-6,372	-52,947	-5,262.04
2025	-16,906.99	-62,795	-127,800	-13,057.79
2030	-14,594.92	-40,627	-214,834	-16,470.36

Consumers will be hard hit. Table 2 shows the expected increases in retail energy prices (adjusted to 2006 dollars to eliminate the impact of inflation) in 2025 for California. Between 2012, when the restrictions first apply, and 2025, the prices of electricity, natural gas, and gasoline could rise by nearly 20 percent nationally when compared to prices in a world without S. 2191.

Table 2: Changes in Household Energy Prices in California Due to S. 2191

	Current Cost	2025 with current law in place	2025 with Leiberman-Warner in place	Dollar difference
Electricity	$1,014.67	$1,444	$1,787	$343
Natural Gas	$561.32	$791	$876	$86
Gasoline	$1,648	$1,625	$1,953	$328

Note: The current annual cost of natural gas is based on consumption and prices as of 2006, the most recent data available. The annual cost of gasoline is based on the average price of regular unleaded in each state on May 20, 2008.

In addition to taking a bite out of consumers' pocketbooks, the high energy prices throw a monkey wrench into the production side of the economy. Contrary to the claims of an economic boost from "green" investment and "green-collar" job creation, S. 2191 reduces economic growth, gross domestic product (GDP), and employment.

[1]To learn more about the economic effects of the Lieberman-Warner legislation, see "The Economic Costs of the Lieberman-Warner Climate Change Legislation", CDA Report published on May 12, 2008.   Dear Friend,

  In 1976, with the election of Jimmy Carter to President of the U.S., the Trilateral Commission concluded their initial hijacking of the Executive Branch. In the 32 years since, their domination has not only persisted, but has permanently embedded itself.

They are winning -- We are losing.
They are getting rich -- We are going broke
They are creating the New World Order -- We are losing sovereignty
My research on the Trilateral Commission is extensive and goes back to the 1970's when Antony Sutton and myself wrote the two volume book set, Trilaterals Over Washington.
Late last year, I addressed and updated this topic at the Eagle Forum state meeting in Santa Rosa, California. My talk was video taped and then edited to include my PowerPoint slides, and is now available on DVD for immediate distribution.
This DVD lays it out in plain language that anyone can understand and includes specific facts, figures, names and events. There is an emphasis on the planned creation of the North American Union, but only in the context that the principal planners are members of the Trilateral Commission!
For a contribution of at least $30 to The August Review, I will send you FOUR DVD's - one to keep and THREE to give away. My desire is to help you put the spotlight where it belongs: squarely on the global elite who created the messes we are in today -- oil and gas spikes, credit meltdown, food crisis, etc.

Please forward this link to other folks who might be interested in this DVD. Thanks for your continued support!

Tribute to great American journalist Tim Russert

Dean of Beltway, catholic and of Irish origin, political journalist and the hard charging anchor of NBC's Sunday political morning interview show "Meet the Press", died suddenly on Friday of hard attack at age 58. Mr. Russert was popular among booksellers, where his two books, "Big Russ & Me", and the follow up, " Wisdom of our Fathers", were national bestsellers.
His objective show "Meet the Press", beat its Sunday rivals on CBS, ABC, CNN, and FOX in the ratings and draw more than four millions viewers. Mr. Russert through hard work, preparation of his presentations, and intelligence established in his position himself as perhaps most influential journalist in Beltway. He died in the middle of work arrangement of interview with present Pope Benedict.

Disillusioned with the US, Navratilova defects again

By James Macintyre

Martina Navratilova has regained Czech nationality more than 30 years after fleeing a Communist regime she now compares favourably to that of her adopted country America under President George Bush.

The nine-time Wimbledon champion and one of the world's greatest ever tennis players, Ms. Navratilova was born in Prague. She fled in 1975 at the height of the Cold War after being denied the right to compete in professional tennis in the US, where most major tournaments were then played and to where she later moved.

After angering the Communist authorities and living in America for six years, she became a US citizen.

Yesterday, however, she told a press conference in Tokyo that she now has her home citizenship back. "I lost it at the time I defected. I got it back on 9 January," she said.

The widely respected star had previously spoken of her disdain of the government of her adopted nation

"The thing is that we elected Bush," she told the Czech newspaper Lidové Noviny. "That is worse. Against that, nobody chose a Communist government in Czechoslovakia."

She will now maintain dual citizenship with both the US and the Czech Republic. Czechoslovakia split in 1993 after the fall of the Berlin Wall into the Czech Republic and Slovakia.

Freed up to play her beloved sport, Ms Navratilova went on to dominate it, winning 18 Grand Slams in total including four at the US Open and three at the Australian Open as well as her victories at Wimbledon, where she was perhaps most celebrated, playing a record 279 matches.

She officially retired in 1994, but returned to the circuit in 2000 to play doubles, winning several tournaments, including at Wimbledon in 2003, making her the oldest champion at 46.

She finally hung up her racquet in September 2006 after winning the US Open with her friend Bob Bryan – the 354th and final tournament of her career. At the time she said: "While tennis will always be a huge part of who I am, that chapter in my life is officially closed. And you know, I haven't looked back since."

Ms Navratilova, 51, is now planning to open an academy for the advancement of young tennis players in the Czech Republic. Looking back on her life, Ms Navratilova has said: "At about eight years old, I decided tennis was going to be the ticket. "Mind you there was no money in it back then, but I loved the game so much, so my family did everything to make that happen."

After what she described as a "pretty normal life until I hit 16", when, during her first year on tour, "it was a treat to go 'west' for a once in a lifetime vacation. So I knew I was pretty lucky".

Over the years Ms Navratilova has been a high-profile supporter of a number of charities devoted to deprived children, animal rights and gay rights.

LAUGHING CORNER
Dětské názory na lásku !

Několik profesionálů se na tuto otázku zeptalo skupiny dětí starých mezi čtyřmi a osmi lety. Jejich odpovědi byly mnohem širší a hlubší, než si kdo dovedl představit. Přesvědčte se sami:

Od té doby, co moje babička onemocněla artrózou, nemůže se už ohnout a namalovat nehty na nohou. Tak to za ní teď pokaždé dělá můj dědeček, i když sám má artrózu v rukách. To je podle mě láska. Rebecca, 8 let

Když vás má někdo rád, vyslovuje vaše jméno tak trochu jinak. A tak prostě víte, že vaše jméno je v jejich ústech v bezpečí. Billy, 4 roky

Láska je, když si na sebe dívka nastříká parfém a kluk použije vodu po holení a pak si spolu vyrazí ven a jeden druhého očuchávají. Karl, 5 let

Láska je, když jdete na jídlo do restaurace a dáte někomu většinu svých hranolků a nechcete na oplátku žádné z jeho porce. Chrissy, 6 let

Láska je to, co vás nutí se smát i když jste unavení. Terri, 4 roky

Láska je, když maminka udělá kávu pro tatínka a usrkne, aby se přesvědčila, že dobře chutná. Danny, 7 let

Láska je, když se s někým stále pusinkujete. A až pusinkování, přestane bavit, tak pořád chcete být spolu a víc spolu mluvit.. Moje maminka s tatínkem jsou takoví. Billy , 7 let

Láska je to, co je s tebou v pokoji na tvé narozeniny, když přestaneš otvírat dárky a zaposloucháš se.
Bobby, 7 let (Neuvěřitelné!)

Když se chcete naučit někoho lépe milovat, měli byste začít u kamaráda, kterého nenávidíte.
Nikka, 6 let (potřebovali bychom o pár milionů více Nikk na této planetě).

Láska je, když řeknete klukovi, že se vám líbí jeho tričko a on ho pak nosí každý den. Noelle, 7 let

Láska je, jako když jsou malá stará paní a malý starý pán stále přátelé, i přes to, že se už tak dobře znají.
Tommy, 6 let

Když jsem hrála na koncertě na piáno, byla jsem na pódiu a hrozně jsem se bála. Podívala jsem se na všechny ty lidi, co mě pozorovali a zahlédla jsem mého tatínka, jak na mě mává a usmívá se. Byl jediný, kdo to dělal. Pak už jsem se vůbec nebála. Cindy, 8 let

Láska je, když maminka dá tatínkovi nejlepší kousek kuřete. laine, 5 let

Láska je, když mamka vidí taťku celého smradlavého a upoceného, ale i tak o něm říká, že je větší fešák než Robert Retford. Chris, 7 let

Láska je, když vám vaše štěně olíže celý obličej i přes to,že jste ho nechali doma samotné celý den.
Mary Ann, 4 roky

Když někoho milujete, tak se vaše řasy hýbou nahoru a dolu a odlétávají z nich malé hvězdičky.
Karen, 7 let (obdivuhodná představivost)

A na závěr - autor a lektor Leo Buscaglia jednou mluvil o soutěži, kde měl dělat porotce. Cílem soutěže bylo najít nejstarostlivější dítě. Vítězem se stal čtyřletý chlapec. Sousedovi od vedle zrovna nedávno zemřela žena. Když chlapeček viděl muže plakat, vplížil se na jeho dvorek, vlezl mu na klín a jen tak tam zůstal sedět. Když se matka zeptala, co sousedovi řekl, chlapec odpověděl: "Nic, jen jsem mu pomohl brečet."
Buďte dětmi celý život, nestyďte se za své city!!!

- Generaci těchto dětí se říká „indigové" podle barvy jejich aury, nemusíte ji vidět, ale poznáte je podle toho co říkají. Jen je musíte poslouchat.

Proč muži lžou?

Dřevorubec kácel stromy u řeky. Najednou mu sekera spadla do řeky. Začal naříkat a v tom se zjevil Bůh:
"Proč tak naříkáš?" ptal se ho.
„Ach, Pane, spadla mi do řeky sekera. Bez ní se nemohu živit." Bůh sáhl do vody a vytáhl zlatou sekeru.
"Je to tvá sekera?" zeptal se.
"Ne, není," odpověděl muž.
Bůh z řeky vytáhl stříbrnou sekeru:
"Je to ona?"
"Ne," zněla dřevorubcova odpověď.
Potřetí sáhl Bůh do vody a tentokrát muži nabídnul železnou.sekeru. "Ano, to je má sekera," zaradoval se dřevorubec. Boha potěšilo, že je tak čestný a poctivý, proto mu daroval všechny tři sekery. Po čase se muž procházel se svou ženou na stejném místě. Náhoda tomu chtěla, že jeho žena uklouzla, spadla do vody a utopila se.
Dřevorubec začal plakat.
Proč pláčeš?" zjevil se před ním Bůh.
"O Pane, má žena spadla do řeky a utopila se."
Bůh vešel do vody a když se vrátil, vedle něj stála Jennifer Lopez.
"Je to tvá žena?" zeptal se Bůh.
"Ano, to je ona," odpověděl muž.
"Lžeš" rozhněval se Bůh, "to není ona!" Dřevorubec padl na kolena a řekl:
"Odpust', Pane, ale musel jsem. Kdybych ti řekl NE, nabídl bys mi Catherine Zeta-Jones. Kdybych odmítl i tu, vrátil by ses s mojí ženou. Já bych pak řekl ANO a ty bys mi dal všechny tři. Jsem chudý muž. Nedokázal bych se postarat o tři ženy najednou."
Z toho plyne ponaučení:
Pokud muž lže, má pro to dobrý a čestný důvod a dělá to pro blaho druhých.

How to use your IRS Rebate check:

As you have heard, most of us will be getting a rebate check to *stimulate the economy*. If we spend the money at Wal-Mart, all the money will go to China. If we spend it on gasoline, it will go to the Arabs. If we purchase a computer, it will go to India. If we purchase fruits & vegetables, it will go to Mexico, Honduras, &Guatemala. If we purchase a good car, it will go to Japan. If we purchase useless stuff, it will go to Taiwan. **None of which will help the American Economy**. We need to keep that money here in America . The only way to keep that money here at home is to spend it at **Yard Sales** since those are the only businesses left in the U.S.
